

CERTIFICATE, GIFE (C-GIFE) | PROFESSIONAL CERTIFICATE, GIFE (PC-GIFE)

Certificate, Global Insurance Fraud Education (C-GIFE)

The **C-GIFE** prepares the candidate to gain **appreciable understanding** of the study (*examination and investigation*) of global life, health, and travel insurance claims and fraud. On completion of this program, the candidate can examine and investigate global life, health, and travel insurance claims and fraud and report on the findings.

The **C-GIFE** is a prelude, a requirement, to embarking on the Professional Certificate, Global Insurance Fraud Education (PC-GIFE) Program.

Professional Certificate, Global Insurance Fraud Education (PC-GIFE)

This provides an in-depth study of the subjects of global life, health, and travel insurance claims and fraud. It prepares the candidate for impactful professional practice and career as an **anti-fraud professional** in the global insurance industry and related fields.

Both certificates are granted by GIAP in conjunction with J. C. Owens Global Institute (*Global Insurance Investigation Training Providers*).

Global Insurance Fraud Education (GIFE) is the study (*examination and investigation*) of global life, health, and travel insurance claims and fraud.

GLOBAL INSURANCE ANTI-FRAUD PROFESSIONALS

C-GIFE

Format: Self-Study / Self-Paced + Revisions

Exam Format: Multiple-Choice Questions

Program Fee: USD850 (7 Installments / payments allowed)

PC-GIFE

Format: Self-Study / Self-Paced

Exam Format: Prepare three (3) reports on **simulated** fraudulent life, health, and travel insurance claims investigated by you. (see *Examination / Test link*).

Program Fee: USD760

JOB and EMPLOYMENT OPPORTUNITIES

There are over five (5) million job openings today for the knowledgeable and trained **anti-fraud professional** in the global life, health, and travel insurance industry as well as in about eighty (80) countries operating either the national or universal health insurance scheme.

Fraud constitutes a drain in the operations of the global insurance industry and in virtually all the national or universal health insurance agencies around the world. It is estimated that fraud costs the global insurance industry over USD5 trillion per year. According to the U.S. *Coalition Against Insurance Fraud*, the U.S. insurance industry incurs over USD306 billion in fraudulent schemes annually. Most pervasive of all the categories of health insurance fraud is the **physician provider fraud**. This constitutes 60% of the fraud experience in the industry annually.

BENEFITS

- The program provides the candidate with the **knowledge and skills** to decipher a suspicious claim from a genuine claim.
- You should be able to **identify a fraudulent claim** and know when to **seek an investigation**. The field Investigator would be fully acquainted with the **necessary investigative steps and tools**.
- How to **write effective reports** that meet the scrutiny of your principals and the various audiences. You should be able to write reports bearing in mind that you simultaneously write for all the other audiences of an insurance investigation report: co-insurers, reinsurers, insurance attorneys and independent legal advisers, claimant's attorney, jurors, and judges.

GLOBAL INSURANCE ANTI-FRAUD PROFESSIONALS

COURSE MATERIALS, C-GIFE

- Indicators Of Fraudulent Global Health Insurance Claims, 163-Page Publication
- 572+ -Page Text on Global Insurance Fraud Education
- Three Other GIAP Books (see the link, **Curriculum**)
- **Ask Any Question (AAQ)! Seek Any Clarification (SAC)** (*The candidate is at liberty to send any question or seek any clarification on the subjects via email. The professors will provide you with the answers and necessary clarifications via e-mail*).
E-mail: info@insuranceantifraudprofessionals.com / **AAQ / SAC**

Examination/Test: 100 Multiple-Choice Questions to be taken over 90 minutes time limit (*Take the examination whenever you are ready after 6 months of enrollment and study*). A minimum score of 75% is required to secure a pass and be awarded the certificate. Failing to secure a pass after two attempts, the candidate would have to begin afresh.

Ready for the Exam?

E-mail: info@insuranceantifraudprofessionals.com / **Exam Ready**

COURSE MATERIALS – PC-GIFE

- Study the **coursework** from the five (5) Publications on **Global Insurance Fraud Education** (*See the link **Curriculum**, for the list of five publications*) at your space over a period of your choosing, possibly in six (6) months. Thereafter, you can take the examination.

Examination/Test: The candidate is expected to generate or simulate loss or claim situations and write **three reports** each on life, health, and travel insurance claims that were investigated by them. Thereafter, submit the reports to:
info@insuranceantifraudprofessionals.com / **PC-GIFE**

Examination Reports

The professors of GIFE will mark the reports, score them according to the indicators outlined under the **Examination/Test link** on this web site. The candidate is expected to score 75% or above to secure a pass. Thereafter, they are presented with the certificate. Failing to secure a pass after two attempts, the candidate would have to begin afresh.
